Commissioner for Patents

In response to the Board of Patent Appeals and Interferences reamd dated Nov 27, 2007, this Office communication clarifies the missing reference in the Grounds of Rejection.

The missing reference in the Grounds of rejection is Chia, U.S. Patent 4,868,349.

It is explained and clarified in the Examiner's Answer, on page 8, under the heading of "Response to Ground #2", that it was a typo to include Chia as one of the modifying references when the Final Office action was made. Therefore, it was corrected accordingly to reflect the correct grounds of rejection in the Grounds of Rejection of the Examiner's Answer dated Feb 13, 2007.
